## SPARTACANS ARE SLOWLY DRIVEN OUT OF BERLIN

Soldiers and Police Suffer Heavy Loss During Fighting

MORE THAN 150 KILLED  
UNOFFICIAL FIGURES SHOW

Stringent Orders Are Issued By Officials to Put Down Revolt

(Associated Press Telegram)  
Berlin, Monday, March 10.—Government troops were busy today in driving Spartacan bands from various sections of Berlin, and in preparing for a determined effort against the Spartacan stronghold of Lichtenberg, a suburb to the east of the city. The Spartacans are reported to have large depots of weapons and ammunition in Lichtenberg. Government troops sent to Lichtenberg, Sunday, to protect the post-office and police station were annihilated by the Spartacans.

All the soldiers and police officials who were not killed during fighting for the postoffice and police station, or who did not escape from the building, were murdered by the Spartacans. Many were tortured and killed in the streets. At least one woman was among the victims of the Spartacans. The police archives in Lichtenberg were burned and 80,000 marks were stolen from the postoffice.

No attempt has yet been made to ascertain the number of persons killed in the present uprising, but the number is believed to exceed 150.

Reports of Spartacan atrocities continue to pour in and resulted today in the issuance of an order by Herr Noske, the minister of defense, that all found opposing the government troops with weapons would be shot immediately. Many Spartacans were taken prisoners during the forenoon and summary executions began at once, the order of Herr Noske being welcomed by the embittered government forces.

Armed civilians stopped a Red Cross ambulance today and killed or wounded all the persons in it. Another band of Spartacans clubbed two soldiers to death with the butts of their guns and killed a householder who attempted to interfere.

## HARBOR STRIKE MAY BE EXTENDED

Terms of Settlement Said to Have Been Violated By the Railroad Administration.

(Associated Press Telegram)  
New York, Monday, March 10.—Many of the great trans-Atlantic steamship lines here tied up by the strike of longshoremen, which was called yesterday in support of the striking harbor workers, threats were made today by the Marine Workers Affiliation to resume the strike against the railroad administration based on alleged violation of some terms of the recent settlement. The independent boat owners again have rejected the terms under which settlement between the railroads and their harbor employees was reached.

## SEEK NEUTRALIZATION OF AUSTRIAN NATION

(Associated Press Telegram)  
Paris, Monday, March 10.—While the possible neutralization of Austria has not as yet come before the "big five" in a formal manner it is being discussed here. Certain Socialistic elements in Austria are striving hard to prevent neutralization, but are anxious to see it effected, as it would give Austria protection similar to that enjoyed by Switzerland.

The proposed union of Austria with Germany is presenting many difficulties and German interests are endeavoring to effect a division of Austria so that the German section may be annexed. Many of the members of the entente are unfavorably disposed toward the neutralization of any part of Austria, as it is regarded as undesirable and embarrassing to a country seeking membership in the League of Nations. Switzerland's neutrality presents many problems to the supreme council as her status would be uncertain, should she be admitted to the league and still retain her neutrality as she desires.

There is a possibility, however, that the peace conference will consider the neutralization of the Austrian Tyrol, which would afford protection to the northern Austrian frontier.

## GOV. GOEBEL'S BROTHER DIES

(Associated Press Telegram)  
Cincinnati, March 11.—Justice Goebel, prominent in business circles of this city and a brother of the late Governor William Goebel of Kentucky, died here today of influenza.

## TALKS WITH AIRPLANE IN FLIGHT 150 MILES AWAY

(Associated Press Telegram)  
Washington, March 11.—Secretary Daniels talked today by radio telephone with Ensign Harry Wagnerwater in a navy flying boat enroute from Washington to Hampton Roads. Communication was established at a distance of more than 150 miles by far the longest transmission of radio telephone signals with an airplane in flight ever achieved.

## TINY GRANDCHILD OF NEW AMBASSADOR KEPT FROM SEEING DADDY BY WAR RULING

Mrs. Capt. Melville Wallace and her daughter Patricia.

Baby Patricia Wallace, granddaughter of Hugh Wallace, new U. S. ambassador to France, has never seen her father, Capt. Melville Wallace. He is with the A. E. F. and because of the strict order of the war department preventing relatives of fighters going across Mrs. Wallace was not allowed to accompany her father to his new post and in that way visit her husband. Patricia's mother was Miss Ruth Patterson.

## HOTEL GUESTS ESCAPE BLAZE

Two Hundred Are Driven to Streets When Fire Breaks Out In Chicago Hostelry.

(Associated Press Telegram)  
Chicago, March 11.—Half a dozen women fainted, and many others were overcome by smoke and these with nearly 225 men and women employees of the Morrison hotel were assisted down fire escapes early today when fire broke out in a five-story brick annex to the hotel which is used as a dormitory for the employees. Those overcome by smoke were carried into the hotel drug store and were soon revived.

Damage to the annex is estimated at \$50,000. All guests of the big hotel located at the southeast corner of Clark and Madison streets were aroused and notified to leave the structure, as a precautionary measure. The fire did not reach the hotel proper, however, being confined to the annex on the Clark street side. The fourth and fifth floors were burned before the blaze was brought under control.

A report that two maids were missing led to a search of the burned annex as soon as firemen could enter the structure but no bodies were found.

## SAYS ANARCHISTS PLANNED REVOLT

Postoffice Department Submits Evidence That Bloody Uprising Was Plotted By I. W. W.

(Associated Press Telegram)  
Washington, March 11.—Evidence gathered by the postoffice department through seized mail matter, showing activities of the I. W. W., anarchists, socialists and other radicals since the signing of the armistice, was to be read today into the records of the senate committee investigating lawless propaganda. The evidence was submitted in the form of a memorandum from Solicitor Lamar of the department declaring the radical elements of the United States were forming a union with a view to the overthrow of the government of the United States by means of a bloody revolution and the establishment of a Bolshevik republic, and in the form of supporting excerpts from mail matter.

The memorandum asserted that the radical elements of the country had for the first time "formed a common cause upon which they can unite" in Bolshevism. The I. W. W. solicitors, Lamar charged, were active in the support of this "common cause" through the organization's field force of recruiting and subscription agents. He said that the propaganda had as one of its objects "a nation wide reign of terror."

## TRACTION MEN STRIKE

(Associated Press Telegram)  
Newark, N. J., March 11.—A strike on all the traction lines of the public service railway company, operating in northern New Jersey was ordered today to begin at 4 a. m. tomorrow by the state headquarters of the Amalgamated Association of Street and Electric Railway Employees.

## AGED MAN TAKES LIFE BY HANGING

Body Is Found By Ex-Officer Carroll After Relatives Had Searched Several Hours.

The body of James B. Armstrong was found about 2:20 o'clock this morning hanging by a rope in an out-building in the rear of his home, 113 East Locust street. He was about 65 years old. Relatives and neighbors had been searching for him for several hours, and ex-officer Patrick Carroll notified the police that he had been found. Coroner Richards viewed the body and said he would render a verdict of suicide. There were indications that the act was premeditated as Armstrong had hung his coat over a window in the building. Armstrong was formerly employed by the J. C. Jones hardware firm as pump repairman. His wife survives. The body was removed to the Bradley undertaking establishment and prepared for burial.

## STOPS WORK ON BATTLE CRUISERS

Secretary Daniels Wants Opinion of Navy Officers Before Program Is Carried Out.

(Associated Press Telegram)  
Washington, March 11.—The future battlecruiser program of the navy will be determined at a series of conferences which Secretary Daniels and a staff of naval experts will hold with American naval officers overseas and at a general conference to be held here after the secretary's return from abroad. Pending a definite decision, construction of six 35-knot cruisers already authorized, will be suspended under an order by Secretary Daniels published today.

Through the conferences to be held abroad and here in Washington, a majority opinion on the types of capital ships to be built for the navy will be worked out. At present there is a controversy between naval officers, one group favoring the existing policy of building battleships and cruisers, and another advocating a new type of ship combining the power and defensive armor of the dreadnaught and the speed of the cruiser.

## CABINET MEMBER'S SON IN MERCHANT MARINE

(Associated Press Telegram)  
Washington, March 11.—James H. Wilson, son of the secretary of labor, recently discharged from the army, after eight months of service in France, is among those enrolled in the shipboard school for supercargoes. To date 270 have been graduated from the school, and of these 150 have been assigned to sea duty. More than 12,000 applications for the position of supercargoes have been filed since the school opened early in January.

## WANT OLYMPIAN GAMES

Rome, Monday, March 11.—A dozen deputies presented an interpellation in the chamber today, asking the government to appropriate funds to defray the expenses incident to holding the Olympic games at Rome in 1920, which will be the fiftieth anniversary of the unification of the Italian nation.

## FARMERS OPPOSE PROPOSED VOTE ON AMENDMENT

Representatives Do Not Favor Resubmission of Classification

GOV. COX CONFERS WITH ASSEMBLY'S TAX COMMITTEE

Report Will Be Made to Committee at Tonight's Meeting

(Associated Press Telegram)  
Columbus, March 11.—A meeting of 50 representatives of various farm organizations, presided over by L. J. Taber, master of the state Grange, here today went on record as unanimously opposed to the re-submission of the classification amendment at a special election.

Governor Cox today received a committee from the joint committee on taxation consisting of Frank Parrett, chairman, and Francis M. Thompson, secretary of the committee, in regard to the cities relief bill but no statement was given as to the governor's attitude on the measure. The taxation committee will meet tonight when Parrett and Thompson will report the result of their conference with the governor.

As a result of opposition by the retail druggists to the state Chairman Mill of the joint temperance committee announced this morning that the committee would amend the prohibition enforcement bill so as to eliminate the necessity of druggists making a report of the sales of all alcoholic preparations unless such preparations are found to be used for beverage purposes.

Former State Senator Charles F. Harding of Cincinnati, representing the Retail Druggists association, was here today to oppose the passage of the prohibition enforcement bill.

## DEBT TO GOVT. MAY DELAY DISCHARGE

(Associated Press Telegram)  
Camp Sherman, March 11.—Men indebted to the government are liable to be held in the service until their indebtedness is settled, according to a memorandum published here yesterday. In answer to a query of the camp commandant relative to the subject the judge advocate general says that although there is no army law authorizing holding a soldier's discharge because of indebtedness to the government camp commandants may use their discretion in the matter and judge each case on its merits. In case several soldiers from the same organization are eligible for discharge at the same time, preference will be given those having no indebtedness.

Seven hundred and forty-six colored soldiers of the 365th infantry and the 317 supply train arrived here today from Cincinnati and they were paraded. The majority of the soldiers are from Ohio and most of them came from Cincinnati and its vicinity.

Transportation officers announced that the soldiers will be demobilized at the end of the week. Two hundred and sixty soldiers were dismissed from the service today. Of the number 24 were from Cincinnati, 27 from Cleveland; 12 from Columbus; three from Canton; seven from Akron; four from Dayton; seven from Toledo; six from Springfield, and six from Youngstown.

## RUSS FACTIONS ASK ABOUT PRINKIPO MEET

(Associated Press Telegram)  
Basel, March 11.—A Liban dispatch received here says that a wireless message from Moscow states that the commissary for foreign relations of Lithuania and White Russia has sent a note to the American, French, British and Italian governments asking when plenipotentiaries should go to Prinkipo Island. It is said that the commissary's note stated that there was a disposition to settle all questions relative to the situation in that part of Russia in a peaceable manner.

This is a development of the invitation sent to Russian factions by the peace conference, asking that a conference be held at Prinkipo Island, in the sea of Marmora. As a condition precedent to the conference it was stipulated that a trusted person of the Russian factions should be arranged. This has not been done and recent dispatches have indicated that the plan for the conference at Prinkipo had been abandoned but that a meeting might be held at some other place which would be attended by individual Russian factions.

## COLUMBUS WANTS DAYLIGHT

(Associated Press Telegram)  
Columbus, March 11.—More daylight was made possible for Columbus last night when the city council voted to establish eastern time on April 1. Columbus clocks will be set ahead on that date and set back again next October 31, as under the government plan.

## FIND 19 HOBOS BUNKED IN FIVE PULLMAN BERTHS

(Associated Press Telegram)  
Toledo, March 11.—Railroad policemen who inspected a Pullman car on a night run here last night found it occupied by 19 vagrants, who were sleeping soundly between snowy sheets. The officers were attracted by snoring and took the men to police headquarters, where they were charged with carrying on a night run. The car had been prepared for a night run.

## U. S. ADMIRAL WILL PREVENT OUTBREAK IN THE ADRIATIC

Admiral A. P. Niblack.

Admiral Niblack, U. S. N., has been chosen by the allies as the man to act as the first international policeman in history. He is in command of the fleet that will police the Adriatic sea to prevent hostilities between the Jugoslavs and the Italians. He has been given authority to prevent an outbreak by force of arms if necessary.

## FINDS HUSBAND STRICKEN, WIFE DIES FROM SHOCK

Mrs. John Eaton Dies Few Hours After Mr. Eaton Is Found Ill In Yard.

Shock caused from finding her husband stricken with paralysis caused the death of Mrs. John Eaton Monday evening at her home in North Cedar street. Mr. Eaton, city sealer of weights and measures, came from his office in the city building about 5 o'clock and engaged in some work about the grape arbor in the yard. Mrs. Eaton who has had a heart affection for years cared for a grocery connected with the home and was busy at the time a neighbor came in and told her Mr. Eaton was ill in the yard. She rushed out and helped to carry him into the house and became ill herself with a smothering spell. She died about an hour and a half later. Mr. Eaton is seriously ill. Two sons and two daughters also survive. Fred Eaton of this city and John of Superior, Wisconsin. Mrs. Orville Westbrook also of this city and Miss Anna of the home. Funeral arrangements have not yet been completed.

## WIRELESS CONFERENCE SUGGESTS LAW CHANGE

Paris, March 11.—Like the international wireless conference, which assembled here several weeks ago, a similar gathering which was intended to deal with problems relating to aerial navigation has been compelled to postpone its work indefinitely after having merely perfected its organization. Mere suggestion of the extensive plans which were to be brought forward for consideration developed the fact that most nations might be obliged to make wholly unexpected changes in their fundamental laws if they participated in decisions. This necessitated the reference of many problems to home governments and it is understood that it will require the deliberation of many months before the delegates will be able to proceed with the conference.

The air conference was to be merely a French, and possibly a British affair, but the appearance in Paris of accredited leaders in the house of commons made it necessary to hold matters in abeyance for the time being.

## D. A. R. CONFERENCE OPENS IN CLEVELAND

Cleveland, March 11.—Music will play an important part in the program of the twentieth annual conference of the Ohio Daughters of the American Revolution which opens here tonight. Mrs. George M. Minor, vice president general of the National Organization is expected to deliver the principal address of the evening.

A reception for members and visitors will be given by the western reserve chapter tomorrow night.

## BRITISH GUARD DEBT BY IMPORT EMBARGO

London, March 11.—Sir Auckland C. Geddes, minister of national service and reconstruction, in speaking on the government's trade policy today in answer to Sir Donald Mac Lean, liberal leader in the house of commons, said that one reason for limiting imports to Great Britain was the necessity of preventing an increase of the British debt.

# HUN MILITARY POWER WIPED OUT BY TERMS OF TREATY OF PEACE

ARMY IS REDUCED TO 100,000 MEN BY CLAUSE ADOPTED BY SUPREME COUNCIL AT MONDAY'S MEETING

## ARMS AND MUNITIONS LIMITED TO ENOUGH TO EQUIP THAT SIZED ARMY

Remainder of Military Supplies Must Be Delivered to Allies or Destroyed and Rhine Forts Must Be Razed—General Staff Is Abolished

(Associated Press Telegram)  
Paris, Monday, March 10.—(8:11 p. m.)—Military Germany will go out of existence as the result of the adoption by the supreme council tonight of the military terms of German disarmament as they will go into the peace treaty. These terms provide for a sweeping reduction of the German military establishment down to 100,000 men with 4000 officers, the army to be recruited by the voluntary system for the period of 12 years. The effect of this is to limit Germany's military strength to less than the number of men Switzerland has in her army.

Other provisions in the military terms limit the arms and munitions Germany may possess to a quantity sufficient for 100,000 men and all the remainder must be delivered or destroyed. The German forts along the Rhine also must be destroyed. The imperial general staff is abolished as the result of reducing the force.

Discussion on the subject was resumed by the supreme council today, the bases for the debate being Marshal Foch's report on Premier Lloyd George's proposal to reduce Germany's armed force from 200,000, as had been suggested, to 140,000 and to substitute voluntary for compulsory service. Marshal Foch favored the change, as the conscription plan providing for 200,000 men serving one-year terms would have given Germany a trained army of 2,000,000 in 10 years.

As against this, Lloyd George proposed to fix the enlistment term at 12 years. Marshal Foch embodied this in his report which proposed an army of 140,000 men, but the council finally adopted an amendment further reducing this figure to 100,000.

One of Premier Lloyd George's main purposes in substituting voluntary service for the conscription system was to pave the way for the disappearance of the conscription system throughout Europe as it was believed that the effect of the abolition of the system in Germany would be that the other European countries would generally follow it, thus ending the menace of large standing armies and their provocation to warfare.

The council has already adopted the naval terms of the treaty except for a few reserved provisions which will be discussed tomorrow.

The progress that has been made with the work of framing the peace treaty ensures the completion of the task by March 20. The first rough draft will be in readiness when President Wilson arrives in France, Thursday, and the revision will be completed before the twentieth. It is the present purpose of the peace conference to call the Germans to Versailles soon after March 20—probably from March 22 to March 25. The document then will be delivered to the German delegates and in case they are not prepared to sign it at once they will be given the opportunity to return to Germany to consider it and return for the formal signing at Versailles.

This plan obviates the necessity of holding sessions for debate at Versailles and restricts the functions to be conducted with the Germans to the delivery of the document and their return for its signature or some other action as they desire to take.

It is known definitely that Count von Bernstorff, former German ambassador to the United States, will not be one of the German delegates at Versailles.

The presence of Premier Lloyd George in Paris is permitting of daily conferences of the premiers of the powers as a sort of steering committee to direct the course of the main work of the conference. The session this morning was attended by Premiers Clemenceau and Lloyd George and Colonel E. M. House, representing President Wilson.

Premier Orlando of Italy, will join the other premiers tomorrow and when President Wilson arrives it is expected that these conferences of the government heads gradually will take the place of the council of the great powers which experience has shown to give too much time to speeches.

The conferences of the premiers, on the other hand, are providing an effective executive organization for the rapid discharge of business. This rapidity insures the drafting of the peace within the limit fixed—a week from next Thursday.

## ZBYSZKO WINNER OVER AWARDS 8-HOUR DAY STECHER IN 3 HOURS TO MINE EMPLOYES

Kansas City, Mo., March 11.—Wladek Zbyszko, Polish aspirant to the heavyweight wrestling title won from Joe Stecher of Dodge, Neb., after three hours and 15 minutes of wrestling, Stecher won the first fall and the Pole the next two.

(Associated Press Telegram)  
Washington, Pa., March 11.—Charles P. Neill of Washington, umpire of the anthracite conciliation board, today sustained the contention of the engineers, firemen and crane-men of steam shovels operated by the G. B. Markle Coal company, that they are entitled to an eight-hour day with a 3 per cent wage increase, instead of being paid a flat 7 per cent advance on the basis of nine hours. The award, retroactive to May 1, 1918, comes with it thousands of dollars in back pay due on war-time earnings and applies to similar employees all over the anthracite fields.

### WILL START WORK ON DENISON FIELD

#### Operations to Begin Soon, Pres. Chamberlain An- nounces After Confer- ence With Colonel Deeds

(Special to the Advocate.)  
Granville, March 11.—President C. W. Chamberlain returned yesterday from a visit to Dayton and announces that after a conference with Col. E. A. Deeds he is at liberty to state that work on the new Denison athletic field, north of College Hill will begin almost at once. As planned, this is to be one of the most complete grounds in the country. Beautifully located in a natural amphitheatre, it is to lack nothing which human ingenuity can suggest, to convert the farmland into gridirons, diamonds, tennis courts, tracks, and other arenas for athletic contests, which may be comfortably witnessed by interested spectators.  
In three interesting phases of Russian life, the manners and customs of that strange people were further brought to the attention of the Travellers' club Monday afternoon March 10. In presenting "Charitable Institutions" of the country, Miss Ellen Taylor revealed many excellent traits of the national character. The great founding asylum at Moscow, founded by Catherine the Great, richly endowed and upon which government has spent over five million roubles annually, is duplicated by one at Gorky, even greater, and scores of other institutions for the afflicted are maintained throughout the country. "Markets" proved highly picturesque in its treatment by Mrs. Pearl Peterson, describing as she did the native fairs and bazaars.

where each article is bargained and haggled over with mutual enjoyment. At the human market held in Moscow, a man's services are sold in much the same way. "Amusements" furnished a rich field for exploitation and Miss Daisy Howe did the topic ample justice in a well written paper.

Discussion of the community federation of women, with means best adapted to meet the ends for which it was organized, was led by Mrs. Stickney, and the fact emphasized that all members of all clubs are to be members of the new organization. A further discussion will be held at the meeting Wednesday afternoon at 2:30 in the Baptist church.

Mr. and Mrs. F. L. Ferguson have moved into the Watkins house at the corner of Cherry and Elm streets and are comfortably settled.

Mrs. Mito Price of Owatonna, Minn., is the houseguest of Mr. and Mrs. Homer Price in the Welsh Hills. She is honor guest this afternoon at an informal tea at the home of Mrs. Burton Case, and at dinner this evening at the home of Prof. and Mrs. Theodore Johnson.

President C. W. Chamberlain expects to leave tonight for Chicago, where as a member of the executive board of the Northern Baptist convention, he will attend several important conferences.

There was a meeting Monday evening of a committee named by the A. P. W. for the publication of a bulletin incorporating the final reports of the several committees of the war work in Granville during its progress of six years. This bulletin promises to be a valuable as a keepsake and a worthy worker will wish to possess it.

### CLEAR THINKING IS NEEDED NOW

#### Major Montgomery Says Nation Faces Need For Wise Consideration of Big Problems.

"Divide the honors between the men who went overseas and those who stayed at home and backed up the expeditionary forces," is the sentiment of the overseas men, says Major Charles Montgomery. As guest of the Kiwanis club, Major Montgomery got back into form as a speaker, Monday. He declares that the next few months call for some very clear thinking on all hands, in order to meet the reaction the nation is experiencing after the fight. Lieutenant Joseph Haskins, aviator, wearer of the Croix de Guerre, gave some of his experiences "over there." He said the Germans were credited with the best machinists, chemists, etc., but nowhere had he heard them praised for their ideals. The lieutenant has flown over Chateau-Thierry, Montdidier, Champagne, St. Mihiel and Argonne, both with the French and American fliers.  
George Weaver, of Oil Well Supply company, was booster for the day, and O. D. Hollar and W. W. Gard received the boost.  
Monday, March 11, the club will hold an evening meeting, when it is expected to announce a visit from one of the country's foremost business experts. C. L. Wyeth and Walter Bowers were elected delegates to the Kiwanis National convention, with Frank Winkle and Carey Bricker as alternates.

### TRANSPORT BRINGS IN 2600 GUARDSMEN

(ASSOCIATED PRESS TELEGRAM)  
New York, March 11.—With 55 officers and 2654 troops of the 27th division, former New York national guardsmen, the steamer Mount Vernon arrived here today from Brest. The vessel brought altogether 5754 troops, including a large number of casualties and nurses, together with seven officers and 813 men sick or wounded.

Traveling as a casual on the steamer was Brigadier General James D. Gienman.

The steamship Ohioan arrived from Bordeaux with 1627 troops, a majority of them of the 38th infantry of the 75th division (National army men of Arkansas, Louisiana, Mississippi).

### UNDER-CHANNEL TUNNEL WOULD TAKE FIVE YEARS

(ASSOCIATED PRESS TELEGRAM)  
London, March 11.—Five years would be required to complete the proposed tunnel under the English channel from England to France, according to an authoritative estimate. It is said that in ordinary times the cost of the work would be about 15,000,000 pounds, but in view of the increased cost of labor and materials, the expense involved would, under present conditions, be nearly 20,000,000 pounds.

### GETS MILITARY MEDAL

(ASSOCIATED PRESS TELEGRAM)  
Alliance, March 11.—A letter received today by his wife tells of the awarding of the distinguished service order to Major L. C. #### Hear Lectures By Dr. Harry E. Hunt and Federal Health Expert on Social Diseases.

Great extension in the teaching of disease prevention and cure throughout the country was prophesied by Dr. Harry E. Hunt in an address before the Rotary club of the Tuesday noon meeting in the Masonic Temple. Dr. Hunt told of the advances that have been made during the period of the war and put great emphasis on the fact that it is the duty of every citizen to assist in the passage and enforcement of proper health legislation.  
Dr. J. W. Shapiro of the United States public health service, who is in charge of the film "So to Win" was present at the meeting and addressed the club in explanation of his work and the results that the government expects from it. At the conclusion of Dr. Shapiro's remarks the meeting adjourned to the Alhambra theatre where the film was shown to a representative body of business men, physicians and city officials.  
The Rotary club has accepted the invitation of the Kiwanis club to hear a lecture by "Prof. Sheldon on Bolshevism."

### SHINN AWARDED U. S. HONOR MEDAL

#### Leads Platoon to Three Ob- jectives Though He Was Wounded Early In En- gagement.

Lieutenant L. P. Shinn, of Newark, and now in Germany with the 35th infantry, has been awarded the distinguished service cross for extraordinary heroism. Although wounded in the leg Lieutenant Shinn continued his command.  
Lieutenant Shinn, who was chemist for the Styron-Beggs company, was commissioned at Ft. Benjamin Harrison, and trained with the 35th infantry company L at Camp Funston, Kas.  
He went overseas with his company and it was while serving with it he was wounded and performed the acts for which he was given the cross.  
The citation was dated January 9, stated the distinguished service cross was awarded in the name of the President by the commander in chief of the American Expeditionary Forces.  
It reads: "Lieutenant L. P. Shinn, for extraordinary heroism in action at Flirey, France, September 12, 1918. Lieutenant Shinn continued to lead his platoon until the three objectives were reached after being wounded in the leg during the first 20 minutes of the advance.  
The battalion was being used as an assault battalion and was with a division which was "on its own," being in an all American advance without aid from the French or British.  
Lieutenant Shinn is now stationed with his company at Issel, Germany, in the army of occupation, having recovered from his wounds.

### OHIO TO LOOK AFTER SOLDIERS IN EAST

(ASSOCIATED PRESS TELEGRAM)  
Columbus, March 11.—Plans for establishing an Ohio community house in New York City for convalescent Ohio soldiers returning from France were taken up by Adjutant General Layton with the Ohio Society of New York and the Ohio Woman's Society, Friday. At Governor Cox's direction, Adjutant General Layton will go to New York to arrange details. The convalescent soldiers are not assigned to hospitals on their arrival in New York and the need for a suitable place for them to go is said to be extremely desirable and necessary.

### ATTORNEY LEIDIGH DIES IN COLUMBUS

John W. Leidigh, an old soldier and member of the Old Guards, who was holding a position in the state house, died at Columbus Sunday. He came to Newark about seven years ago from a northern Ohio county, where he served as probate judge, and had been admitted to the bar many years ago but never practiced in this city. He was appointed assessor of the Sixth ward in the late Jesse W. Horner county auditor at the time. Mr. Leidigh moved from here to Columbus two years ago.

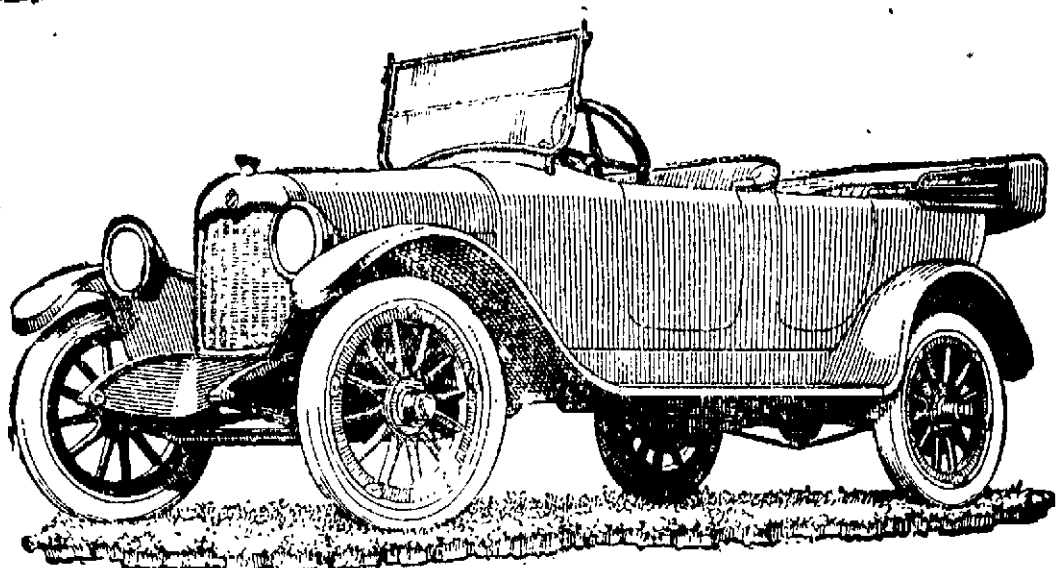

### WEAVER VISITS HOME ON SHORT FURLOUGH

Paul Weaver, who appeared recently in the casualty lists, and who was returned to Camp Sherman from overseas, spent Sunday with his mother, Mrs. J. F. Stick, of Granville street.

Since being at Camp Sherman he has undergone an operation for his removal of tonsils. Weaver enlisted and served with Company E, of the 16th infantry, south company E, of the 16th infantry. He returned to Camp Sherman, Monday.

### Each New Day Brings a Better Maxwell

MOST anyone would think that after building 50,000 motor cars on one chassis plan that close on to perfection would be reached.

That is true in a large measure; but it happens to be only the point at which the Maxwell executives began.

They decided to keep on building Maxwells better and better as each new day went by.

The locomotive engineer drives his engine better, every day. The banker who loans money does so with more and more judgment. The man at the forge—likewise.

This is the principle on which the Maxwell is built. It is not new in the business world. But it is sound.

And today, with 300,000 Maxwells built on this plan, anyone will readily understand—

Why a Maxwell runs on and on and never quits with age;

Why a Maxwell seldom turns in at a repair shop;

Why a Maxwell is so eagerly sought for in the second-hand market.

One of the last of more than 1000 improvements made since the first Maxwell was built is the appearance.

Let your eyes glance over this present day Maxwell and you'll think the price \$200 more than we ask for it.

### HORNER MAY TAKE A STATE POSITION

#### Takes Offer Under Consid- eration Before Giving Secretary of State Smith Final Answer.

Attorney J. W. Horner, who was offered the appointment of assistant secretary of state by Secretary of State Harvey C. Gibson, returned home last evening after a conference with that official. It had been Attorney Horner's intention to decline the appointment on account of his law practice in this city and he had gone to Columbus to thank Secretary Smith for the honor bestowed as it had come to the Newark man without solicitation.  
After conferring with Secretary Smith, Horner has taken the matter under consideration and will give his answer in a couple of days. It may be that he will accept and in case he decides to do so he will possibly make arrangements to continue a part of his law business in this city.

Pain? No, not one bit! Just drop a little Frezzone on that touchy corn, instantly it stops aching, then you lift that bothersome corn right off. Yes, magic! Costs only a few cents.

Try Frezzone! Your druggist sells a tiny bottle, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes and calluses, without one particle of pain, soreness, or irritation. Frezzone is the mysterious ether discovery of a Cincinnati genius.

### DECIDES TO BE A LIVE ONE

#### Young Man Comes Back

One of our young men sure has come to the front in short order and his friends are at a loss to understand his untiring energy and ability to work and get results, where only a few weeks before he seemed to be all run down and almost a nervous wreck.

Questioned by a curious friend as to the cause of the sudden change, he said: "I sure was in bad shape and no one knew it better than I did. I had my goal for fair—I was all in and my nerves shot to pieces with worry and sleepless nights. One day I overheard from a neighbor's what Phosphate Iron had done for him and I could not get a supply quick enough.

"That's the whole story, just Phosphate Iron. My poor tired overworked nerves just seemed to be Phosphate hungry, the way they took hold of it, and say what a relief. I felt like a new man. Could sleep at night, and get up in the morning feeling like a two-year-old. Believe me, I had some appetite too, my weight increased rapidly, my face filled out and had the color of perfect health, that our gods with pure blood, well fed with iron.

"You can bet I am strong for Phosphate Iron. Everyone who tries it is a booster.

"Do you know even the doctors are prescribing it; trust them to get next to a good thing."

Special Notice: To insure doctors and their patients getting the Genuine Phosphate Iron, we have put it in capsules only, so do not allow dealers to sell you pills or tablets.

### WATCH BOARDS FOR FIRST NAMES SOON TO APPEAR

The court house park bulletin boards have been given several coats of paint and are now ready to receive the names of the Licking county soldiers and sailors after whom "Bring 'Em Back" clubs are named. The names will be given in alphabetical order. About 75 names are now ready to be posted. Additional names will be posted once a week or more often if desirable.

Anybody may organize a "Bring 'Em Back" club in honor of any Licking county soldier or sailor in service, either in this country or abroad. There's nothing complicated about it. The first thing to do is to obtain an application blank from the W. S. S. chairman, write in the name and address of the soldier or sailor and then either pledge yourself to buy 100 W. S. S. or obtain pledges for the purchase of War Savings Stamps to the amount of \$500. One may become a member by buying a single \$5 stamp, the March price being \$4.14, or he may buy 100, or not more than 200. If 200, then the buyer may organize two clubs.

As soon as the names are pledged the papers are sent to the local committee. A letter then goes to the soldier or sailor telling him who organized the club and who bought the stamps or pledged himself or herself to buy the stamps. The organizer of the club will receive a charter signed personally by Governor Cox for presentation to the soldier upon his return home. The name of each soldier or sailor so honored will be posted upon the court house park bulletin board and published in the newspapers.

A club should be formed for every man in the service. If the organizer is not acquainted with any soldiers a list of names from which selections may be made will be furnished by the W. S. S. committee. For application blanks, C. H. Spitzer or call Auto 2342 and blanks will be mailed.

Watch the court house bulletin boards for the first names and note the additions from week to week. Now is the time to start clubs for your friends "over there" or in camps in this country. Let none be overlooked. It is believed that a club will be organized for every Licking county soldier now in service.

### PROCLAMATION OF GOVERNOR COX ON WAR SAVINGS STAMPS

Columbus, March 11.—Calling on the people of Ohio to respond to the government's request for purchase of War Savings Stamps during 1919, Governor James M. Cox has issued a proclamation designating March 17 as the opening day for a War Savings Stamp pledge drive in this state. The Ohio War Savings committee is carrying out a state-wide campaign commencing on that date. The governor's proclamation declares:

"The sale of War Savings Stamps and other securities is being continued by the United States government to meet obligations arising from the war; to bring our soldiers and sailors home; to care for the helpless, maimed, sick and wounded; and to discharge our full duty to the dependents of soldiers.

"During the activities of actual warfare, the people of Ohio led all states in the purchase of War Savings Stamps, and by so doing supported their men in service to the utmost, efficiently aiding in bringing the war rapidly to the close.

"The gallant sons of Ohio have accomplished their task in glorious manner, and the boys overseas are still performing their duties, awaiting the time of honorable discharge when every task shall have been completed. Those at home can do no less than their full duty.

"I, therefore, respectfully urge that all Ohio citizens once more respond to the call of the War Savings committee by the pledge campaign beginning March 17, 1919, and systematically purchase War Savings Stamps throughout the remainder of the year."

The governor's proclamation will be supplemented locally by request from mayors and councils to observe the pledge campaign commencing March 17.

### PASTOR HAS QUESTION BOX FOR CONGREGATION

The regular Lenten service will be conducted at St. John's Evangelical church next Wednesday evening at 7:30 o'clock. Rev. E. N. Kraft will speak upon the subject: "If I Wash These Not." These Lenten services, which have been splendidly attended by people from all parts of the city, are open to the general public.

An interesting feature of these services is the question box, which gives the individual an opportunity to have perplexing and troublesome religious questions answered. All inquiries are written, placed into the question box and then answered in the following Lenten service.

Rev. Mr. Kraft stated that many are earnestly seeking for a proper solution to their religious problems but are lacking when told to "ask the preacher." The pastor of St. John's church heartily invites anyone to come and make honest and liberal use of the question box.

### FALLING COAL BANK INJURES VERHEYEN

Frank Verheyen, for many years associated with the Newark Trades and Labor assembly, was seriously injured, the latter part of last week, when he was struck by a coal bank at the corner of the accident happened at Corning, when a large coal bank caved in and Verheyen was hurt about the head and body. His daughter, who has been with him, stated it would be several weeks before he will be able to get up.

Before going to Corning, Verheyen was employed at the Consumer's Drawing company.

Silience: "Yes, she killed me and married my rival," cried "Oh, cheer up, You'll get over it before he will."

### LIBRARY WEEK

The following rhyme is submitted by the Patriotic League in its campaign to add the Public Library:

Every scholar, so they say,  
Saves a Thrift Stamp by the way;  
Bears his parents for the pence,  
Or earns it whitewashing the fence,  
But at the end of every week,  
Still some money he must seek.  
Now comes a need so big and great,  
No child or parent should hesitate,  
Who can say we shall not read,  
Or Public Library we do not need?  
If in your heart is such a thought,  
Wisdom and knowledge must be sought,  
Every day after school,  
Every Saturday, hot or cool,  
To our library bend your way,  
Watch the crowd last week and today—  
Bigger little boys and girls,  
Boys with smiles and girls with curls,  
Freckles on some noses fair,  
Fat little legs climbing the stair,  
Is your boy reading so bravely there?  
Is your girl climbing that stair?  
Think well before you judgment pass,  
What is the Library to your lad or lass?

Knowledge free for some dear one,  
And God helping a place in the sun,  
So it's up to you, parents in Newark town,  
Whether the Library lives or goes down.

Money for books we brave so they say,  
But to run our Library takes money each day.  
Children, parents, friends, please hear,  
Give us your dimes this week or we fear  
Our Library no longer will be here.  
Keep it secure for you and me.  
We surely should keep it safe and free,  
A happy reading home for one and all,  
Your baby girl and your young son (all).

Send us your dimes, so we can say  
You all have helped our cause today.  
Keep on giving all this week,  
Little hands will pennies seek.  
Don't refuse their earnest plea;  
It means knowledge and life for you and me.

# IDEAL heat "for all the people"

Never before have people demanded and enjoyed so many modern conveniences. But the greatest improvement of all—HOT WATER HEATING—has heretofore been denied the wage earner because of the cost of excavating a cellar. With the invention of the IDEAL ARCOLA Radiator-Boiler—piping is simplified and a cellar is not needed.

## The new IDEAL ARCOLA radiator-boiler

Puts IDEAL HOT WATER HEATING comfort in workingman's cottage, cellarless small stores, country schools, cellarless churches, etc.

The IDEAL ARCOLA takes the place of a parlor stove. But a stove wastes much of its heat up the chimney, whereas the IDEAL ARCOLA is water-jacketed, and conveys its heat by hot water circulation through pipe-connected AMERICAN Radiators stationed in the adjoining rooms. Every bit of the big volume of heat developed from each pound of fuel is therefore made useful in keeping ALL the rooms uniformly, healthfully warm. There is no coal-waste. The IDEAL ARCOLA does not rust out or wear out—will outlast the building—is a genuine, permanent investment!

Shipped complete ready for immediate operation

The beauty of the IDEAL ARCOLA method is that no cellar is needed. Everything is on one floor. The ARCOLA is placed in any room that has a chimney connection. No running to cellar. If there are two or more tenants in the building, each can have his own ARCOLA and make the temperature to suit his own needs—can make his own climate! If you do not wish at first to heat the entire building, buy a small size IDEAL ARCOLA and later on buy extra sections for the IDEAL ARCOLA and two or three more radiators to warm more rooms.

Cleanly heating—healthful heating—free from fire risks!

Unlike stoves, there are no coal-gas leaks into the living rooms. The IDEAL ARCOLA delivers the soft, radiant warmth of hot water—not the dry, burnt-out atmosphere of stove heating. There is no fire-risk to building—no danger to children—fire lasts for hours! The ARCOLA burns hard or soft coal, coke, gas, or wood. Brings cost of heating down to the lowest notch—and gives IDEAL comfort.

Put in quickly without disturbing your stove till ready to start fire in the new outfit. Sold by all dealers. Send for catalog "IDEAL ARCOLA Hot Water Heating." Phone or write today!

### U. S. NAVY PREPARES LARGEST SEAPLANE FOR OCEAN FLIGHT

U. S. Navy seaplane N. C. 1 and Commander John H. Towers in charge of contemplated trans-Atlantic flight of seaplane.

nautical exposition at Madison Square Garden, New York, the N. C. 1, its largest seaplane, to rush the work of preparing it for the flight at Rockaway naval training station, where it is being put in shape as rapidly as possible for the flight.

Explorers and scientists are agreed that the first flight over the Atlantic will be one of the greatest achievements of modern times. Great Britain, France and Italy are hastening plans for flights, each in the hope of being the first to succeed. Should America be the first to send an aircraft across it will be another proof of the nation's prowess in science and daring.

The N. C. 1 has carried fifty-one passengers in a sustained flight and has made eighty-five miles an hour. It can rise at the rate of 2,000 feet in ten minutes. Commander John H. Towers is in charge of the overseas flight. It is believed that the huge plane can go from Newfoundland to Ireland, a distance of 1,800 miles, in about fifteen hours.

The army is also building a plane with which it hopes to attempt the flight. So in addition to the hope of the navy to beat the other nations there is a friendly desire to beat the flight ahead of the rival branch of the U. S. service.

The army plane probably will be one of the huge Martin bombing planes, the largest built by America during the war.

### LONG-WEARING SOLES MEAN LOW SHOE BILLS

"I have never been able to get half the service from other soles that I get from Neolin Soles," says H. H. Shellenberger, a traveling salesman of Easton, Pa.

Long service from the soles means lowered shoe costs, for that is where shoes wear out quickest. When next you need new shoes buy them with Neolin Soles. You pay no more than for other soles that give less wear—and you can get them in many styles for men, women, and children.

Have these durable, comfortable and waterproof soles put on your old shoes, too. All good repair shops carry them. They are made, scientifically, by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.

**GERMANY.**

"Can the Ethiopian change his skin or the leopard his spots?" asked the prophet Jeremiah.

Some people seem to think the German leopard has an entirely new spotted skin. He has, for the time being, at least kicked out his kaisers and his crown princes. He has put on the clothes of democracy. But people do not change their nature when they change their politics.

All parties in Germany united to give their approval to the course of the kaiser's government. The Socialists in the main gave their hearty approval to the tearing up of the treaties guaranteeing the neutrality of Belgium.

It will be remembered that the German government persuaded the Russians to disarm and go home, by promising them a peace "without annexation or indemnities." Then when they were helpless, it went in and proceeded to annex a large share of Russia and demanded and collected vast indemnities. The great majority of the Germans approved of this vile and infamous treachery.

The German troops participated quite generally in outrageous barbarities. The deportation of French and Belgian girls to work as slaves in Germany was one of the most terrible and infamous crimes in history. The German government gave its approval to the bloody massacre of 1,000,000 Armenians by the Turks. Little protest was ever made against it by the German people.

Since the revolution few Germans have shown any consciousness of wrong or repentance for these and other atrocious deeds. They threw down their autocracy because it was not an efficient instrument for the achievement of their national aims, not because it violated the laws of God and man.

So the people who place their trust in German professions and German democracy should cultivate a more sophisticated knowledge of the world and human nature.

There is said to be a shortage of playing cards, but if the boys were suitably assured they might locate a pack or two up in the haymow.

**RECONSTRUCTION**  
Of Lost Health-Tone and Exhausted Reserve Strength.

Consequent upon the war, the dread influenza epidemic, trying weather and changing seasons, is imperative. Never before were the blood-building, nerve-toning, appetite-making properties of Hood's Sarsaparilla so much needed as now.

This medicine first creates an appetite, 2d, aids digestion, 3d, perfect assimilation of all the food you eat so that your blood and body receive the benefit of 100 per cent of the nourishment. This rapidly adds to your strength and gradually restores your reserve strength naturally bringing about normal conditions and permanent good health. Hood's Sarsaparilla is America's greatest blood-purifying medicine, with a record of greatest sale and greatest cures.

Hood's Pills are a fine family medicine, gentle and effective, well adapted to help Hood's Sarsaparilla.

**BANKING YOUR MONEY.**

A great many petty thefts are constantly being reported. Most of these are so small that they get no publicity beyond the local papers where the stealing occurs. So people do not realize how great is the aggregate loss from this cause.

Mayor Harry Davis, of Cleveland, O., has started a movement to induce the people to put their spare money in banks. He urges them not to keep large sums in their houses. He tells the people that while stolen goods are commonly recovered, stolen money almost never comes back.

The records of any police court are full of stories of money stolen from various hiding places. Many floating workers keep their money in trunks. In these times of high wages, their "rolls" are often of considerable size. A clever thief could go through a boarding house neighborhood, and make a large haul. Farm workers report that money is often stolen from their coats.

A sizeable sum of money handy is a constant temptation to free spending for luxuries, amusements and trifles. As long as there are a few hundred dollar in the knot hole on the attic stairs or under the mattress in the bed room, many people are as happy as lords. Then some one gets sick or has an operation or accident, and the reserve is quickly dissipated.

It is best to form the habit of banking any sum of money over and above what is daily needed for living expenses. This forms the policy of thrift and will lead to permanent comfort. It will soon bring in a sizable bonus each six months in interest money. It will keep a very great sum from falling into the hands of the thief class which is growing in numbers and audacity. The very strong banks of Licking county assure entire safety from the money thus deposited.

**BUILDING SITUATION.**

Leslie W. Sprague, of the information department of the United States Bureau of Labor, says there is a shortage of 300,000 dwellings. He has been traveling all over the United States. Everywhere he went he found a scarcity of houses. Rentals were found to be universally high. In many places people are very uncomfortable for lack of homes.

Mr. Sprague in his public address is endeavoring to encourage people to go ahead and build now, in spite of the obstacles of high cost of construction. His statistics go to show that building has not increased in cost as much as most commodities. From this he claims that it is not likely to be much cheaper later on, so that nothing is gained by waiting.

Increased cost has been partly offset by new economies.

The substitution of concrete for more costly material has helped. A good many concerns are getting out the parts of standardized houses, and shipping them where they are wanted. But the economy of this plan must depend on having efficient arrangements for assembling and erecting the house after the materials are delivered. It would seem as if freight costs on houses thus delivered ready to set up, must be larger than when lumber is delivered in bulk to some nearby mill, to be made up for the use of local builders.

Of course the people must have houses to live in. No town can go ahead unless it has comfortable quarters for its working people. A great many buildings will be erected this year, on the theory that it is better to pay a high cost than get along without them. But the shortage of buildings is not likely to be completely remedied, until contractors and sellers of material and employees get together and arrange somehow to reduce the cost.

What is going to become of all the German helmets being brought to this country? Well, they seem to be wanted as souvenirs by many people who during the war wouldn't even go out evenings to roll bandages.

But down under the white lights the only Nation's League you hear mentioned are the American and the National and the Anti-Saloon.

There is considerable doubt whether these Bolshevists that want to grab all property are second story men or just plain sneak thieves.

**EUROPE WATCHES-AND UNDERSTANDS.**

(Cleveland Plain Dealer)

Europeans no less than Americans are watching the antics of obstinate nationalist senators who seek to set back the hands of progress by preventing the organization of a league of nations. They recognize, as individuals, the American republic, that only a United States sanctions such a league it cannot be organized. They see therefore the vital necessity of winning the American senate to the project which means everything to the future order, peace and contentment of the civilized world.

The comments of European press and statesmen indicate clearly that opinion there is not being swayed by the noisy partisan demagogues against the league in the United States. The average European is better informed upon American political conditions here than the average American is to understand political conditions in Europe. The Englishman or

**A Really Mistaken Impression.**

Of course we are all peering about more or less blindly for the guileposts, but we won't be thinking that the man whose idea of being an active Christian consists largely in telling

Frenchman is, therefore, less likely to be misled by the destructive proposals of Lodge's thirty-seven than a citizen of the United States would be, were the case reversed and the Lodge insurrection transplanted to the old world soil.

So one finds London and Paris newspapers, with their trained political writers, ready to believe that President Wilson's analysis of the league of nations proposal has answered its critics and that when the treaty with its league plan is submitted to the senate the American people will so far have demonstrated their favor as to leave Lodge and his thirty-seven stranded and impotent. How, they ask, can the Republican party or a Republican senate finally reject the league when the most eminent Republican of all, former President Taft, stands brain to brain with Mr. Wilson in urging its adoption?

With a few days the President will be back in Paris, ready to resume work. He will tell his fellow peace commissioners and through them will tell the people of the old world that in his opinion the United States is ready to do its part to make future great wars impossible by helping to create this great international agency for peace. In this he will be merely confirming what is already the opinion of intelligent Europeans who realize that the American political system encourages partisan tempests in excess of the exact like of which are unknown abroad.

Were it not for the fact that a presidential election is at hand next year and Republicans deem it necessary to put the president "in a hole," opposition to the league would be colored to malcontents like Reed of Missouri, whose sole stock in trade is to grumble against things to big for him to understand. To Lodge's thirty-seven should be added a minor fraction which represents the Missourians.

**AMERICANS OR PARTISANS.**

(By Stanley S. Bash.)

For the benefit of the whole world, no treaty offers so vast a covenant or promises such far-reaching results, as the proposed League of Nations.

Meeting with almost universal approval in Europe—where it is looked upon as an American ideal, an American creation—seems doomed to failure at the hands of our own able, selected body of the "brains of the nation"—our senate.

While the matter of acceptance or rejection has not been incorporated into a party issue, it seems probable that it may. Although those opposed to the League are mixed politicians, it will be only a short time until the bulk of Democrats will uphold, and the majority of Republicans will oppose this article of world significance.

It seems a shame that such a weighty and important article could not be accepted upon its own merits or rejected upon its demerits. Why drag it into politics? Our duty is first of all to be Americans—American citizens. Are we to look forward to Bolshevism in politics? America, first—politics, at least second.

If politicians and their tasks irksome and long for the quiet of a retired life, then let us advise an opposition to the "League of Nations."

**OHIO IGNORED.**

(Ohio State Journal.)

In the appointment of committees in the new Republican house of Congress Ohio has to take a back seat. It hasn't a chairmanship of a single important committee and a membership only upon one, and yet this state added more Republican members to the present house than any state in the Union. What is the matter? Haven't we any good men, big and able enough to be given these responsible positions? If we haven't we had better elect a few. Time was when Ohio stood at the front, had big men whom the nation recognized, but that does not seem to be the case now. These committees really direct the national legislation, but Ohio is not to have a hand in it. It is hoped this forced humility upon our congressmen will make them hold to do what they think is right even at the expense of a fuss.

## No Medicine-Chest Without Its Family Laxative

From the baby to the grandparents a good laxative is the necessary medicine in the little ills. It wards off serious sickness and saves doctor's bills. Many a cold has been prevented from running into gripe and pneumonia by its timely use.

Many a racking headache has been quickly dispelled by it. And it is a laxative rather than a drastic cathartic or purgative that should be in every family medicine-chest, for a laxative can be used at all ages.

Thousands of good American families have for more than a quarter century used a combination of simple laxative herbs with pepsin known to druggists as Dr. Caldwell's Syrup Pepsin. It is a laxative- tonic that acts on the bowels and stomach. Infants take it with perfect safety, and it is equally effective for grownups.

Grandparents are now seeing their children give it to their babies. It is excellent for all the family in constipation no matter how chronic, indigestion, wind colic, biliousness, headaches, dyspepsia and similar ills.

The druggist will refund your money if it fails to do as promised.

### PRICE AS ALWAYS

In spite of greatly increased labor costs due to the War, by sacrificing profits and absorbing war taxes we have maintained the price at which this family laxative has been sold by druggists for the past 25 years. Two sizes—50c and \$1.00.

## Dr. Caldwell's SYRUP PEPSIN The Perfect Laxative

**FREE SAMPLES**—If you have never used Dr. Caldwell's Syrup Pepsin send for a free trial bottle to Dr. W. D. Caldwell, 468 Washington St., Pontiac, Ill. If there are babies at home, ask for a copy of Dr. Caldwell's book, "The Care of Baby."

### Our Boys and Girls

Happy are the parents who can flatter themselves that neither they, nor any of their household have ever deceived a child unnecessarily and without legitimate cause. Children more quickly than you realize discover that all that grown ups do or say is not always truth, and very soon their innate cunning leads them to dissimulate.

Laziness will sometimes lead children to tell untruths, also the fear of being scolded or punished, or deprived of an unexpected treat, but this is generally after a child is three or four years old. It is very often our manner of trying to find out the truth which leads children to defiance, dissimulation and falsehood.

"Did you do this?" or "Who has done this?" asked in a threatening voice and with severe looks, provoke an answer which may save from punishment, or at any rate may put it off.

### NEW TREATMENT THAT KNOCKS RHEUMATISM

75c BOX FREE TO ANY SUFFERER

Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miraculous. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish.

The treatment first introduced by Mr. Delano is so good that its owner wants everybody that suffers from rheumatism or who has a friend so afflicted, to get a free 75c package from him to prove just what it will do in every case before a penny is spent. Mr. Delano says: "To prove that the Delano treatment will positively overcome rheumatism, no matter how severe, stubborn or long-standing the case, and even after all other treatments have failed, I will, if you have never previously used the treatment, send you a full size 75c package free if you will just cut out this notice and send it with your name and address with 10c to help pay postage and distribution expense to me personally."

P. H. Delano, 554-B Wood Bldg., Syracuse, N. Y. I can send only one free package to an address. 3-11

For the mother who objects to elaborate touches of color upon baby's frock there is a simple little frock that is beautifully smoked and, while it is not embroidered in colors, still has a bit of color in the smocking. The smocking should be very fine for the small baby's frock and pink, blue or pale yellow thread is used in the smocking itself.

This makes a tiny little needle point of color at each diamond point of the smocking. Upon such a front there should be a little lay down collar, severe both at the back and front. This collar should be finished about the edge with a fine briar stitch the same color as the smocking. If one thinks this is too much color the brief stitching can be done with a fine white cotton.

Turned back sleeves are also briar stitched just the same as the collar. There should be a smocked yoke back and front, or the smocking should come in a tiny oblong over each shoulder, making a plain pinafore effect at the center of the little yoke. If one does not care for the smocking and yet wants a bit of color, the dress can be finished with tiny tucks and these finished with a fine briar stitching done in white. The collar and little cuffs being finished in the same way.

## "CAN I BE CURED?" SAYS THE SUFFERER

How often have you heard that and cry from the victims of disease. Perhaps the disorder has gone too far for help, but oftener it is just in its first stages and the pains and aches are only nature's first cries for help. Do not despair. Find out the cause and give nature all the help you can and she will repay you with health. Look after the kidneys. The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering and throwing off the poison that constantly accumulates in the system, everything goes wrong. GOLD MEDAL Hamamelis Oil Capsules will give almost immediate relief from kidney and bladder troubles and their kindred ailments. They will free your body from pain in short order. But be sure to get GOLD MEDAL. Look for the name on every box. In three sizes, sealed packages. Money refunded if they do not help you.

## GUARANTEED TO STOP INDIGESTION

Dr. Parker's Treatment for Indigestion and Constipation is a guaranteed scientific remedy for those ills, and your money will be refunded if it fails to help you.

Mrs. Elden Schleyer, Chillicothe, Ohio, tells how it relieved her:

"For years I suffered with the very worst forms of indigestion and constipation. I took treatment from different physicians; tried most everything any one suggested, but continued to grow worse. A friend suggested Dr. Parker's Treatment, with the result that my bloating left me, and I feel that I owe a word of thanks to Dr. Parker's Treatment."

You need not suffer with this safe and reliable treatment at hand. \$1 a box, at any drug store, and your money back if it does not do the work. Prepared and guaranteed for 35 years by Geo. B. Parker, M. D., Athens, O.

## MAIL CARRIERS GET WAR SAVINGS TRIP

State Committee Opens Contest;  
Aggregate Sales Count.

Columbus, O.—(Special.)—One or more mail carriers in each county in Ohio is to be given a free trip to Mackinac Island and return as a reward for War Savings Stamp sales ability, according to announcement of the Ohio War Savings Committee. These trips will come with diplomas in a correspondence course in practical salesmanship which will be given free to all city and rural carriers in Ohio.

The trips to Mackinac Island and return are being given by a former mail carrier who is now one of the leaders in industry in Ohio and the course in salesmanship has been written by a very successful salesman, formerly a mail carrier. The personality and selling ability of the carriers will be developed through practical demonstration in the sale of Government Savings Stamps.

The contest and course in salesmanship starts March 10 and ends Aug. 9. The plan has been heartily endorsed by the city and rural carrier associations. Aside from the trips offered through the Ohio War Savings Committee it is expected that individuals and business houses will offer additional trips. The mail carriers with the highest aggregate sales will be rewarded in this manner.

In the larger cities there will be as high as 20 trips offered, in addition to the three to be given under the auspices of the Ohio committee.

### Milady's Boudoir

#### Age and Exercise.

If you have pride in your appearance watch yourself closely for signs of age and exert every effort to ward them off. One can keep youth in the heart with little trouble but it is not so easy to keep it in the flesh and bones. To keep youth in the joints one must exercise them constantly. Knees, shoulders, ankles and wrists should be supple, and to keep them in this condition one should exercise.

A simple knee exercise consists of this movement. Stand with your hands on your hips and place the left foot 18 inches ahead of the right. Sink to the right knee, then rise to the original position and bring the right foot ahead of the left and bend the left knee. Repeat 15 or more times.

One of the unfailing signs of old age is the accumulation of flesh about the abdomen. To prevent this lie on the floor on the right side, with the left hand on the hip. Raise the body gradually from the floor by supporting the weight on the right hand. Continue to raise the body until the whole length is free from the floor, supported only by the feet and the arm. Change to the other side and repeat this exercise until you are too tired to continue.

There is nothing like massage and skin food to keep the flesh free from wrinkles. Once, or even twice a day is not too often to apply a nourishing cream to the skin. One of the best skin foods I have ever tested is called Cream of Sweet Oranges and it contains sweet oil of almonds, two ounces, orange flower water two ounces, white wax two drams, oil of sweet orange one dram and spermaceti two drams.

Apply this to the face after it has been thoroughly cleansed, using a rotary motion. When the pores have absorbed all they can hold, wipe away the superfluous grease with a soft towel.

There is no better form of exercise to develop the muscles and round out the hollows than deep breathing, using the topmost cells of the lungs. Place your finger tips on the depressions under the shoulder blades and observe how these fill up when a deep breath is taken and held. Systematic breathing, deep and regular, a habit worth cultivating for your health in general and your lungs and chest development in particular.

Hollows on the temples have a most depressing influence on the facial expression. Frequently after an illness that has been of long duration, the temples seem hollow and the facial lines seem gaunt and stamped with age. Massage here, renders excellent service. Transcribe little circles around the temples, going around toward the eyes. Take a good, full sweep. Then start at the sides of the chin and work obliquely across to the temples, lifting up the muscles at the same time.

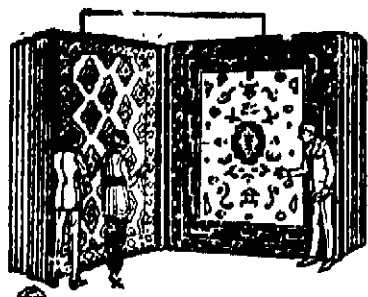

Hollows back of the ears that comes with sickness, age and lack of exercise greatly mar the beauty of the face and throat and a becoming profile is impossible. Hand massage, good nourishing cream and exercise are the best local treatments. For massage use the little circles over the ear each other starting as far down as the shoulder and working up gradually to back of the ears. Use the tips of the fingers for this work. Start and trace a circle going around, up and out, a general upward movement, not the contrary, as this breaks down the tissues of a face, or both hands moving the muscles meanwhile.

Hollows under and around the shoulder blades and the straight leading to the shoulder come into view more frequently than good taste permits. The beauty and elegance of a face, however, makes amends for this display of bony structure. It is well to take these facts into consideration and start a regimen calculated to make your friends admire your figure rather than the reverse.

### Every Day Etiquette

"Please tell me the proper form for a high school boy to use in introducing one of his instructors to his parents. Also the proper way to introduce one of his 'chums' to his parents," asked George.

"If the instructor is a young man it is well to introduce him to your parents, saying: 'Mother, I would like you to meet my instructor, Mr. Blank. Mr. Blank, my parents for my mother and father have wanted to know you for some time.' If the instructor is an older man, it might be more complimentary to introduce your parents to him, saying: 'Mother, I would like you to meet the instructor, Mr. Blank, who is in charge of my course in my own home. When the former way is better. For a chum say, 'Mother and father, I would like to know Jack Blank,' advised his uncle.

### Feeding a Good Cow Generously

I had a fine cow. She gave such milk. I dressed her up in the finest silk. Fed her on the best of hay. Milked her twenty times a day.

[National Crop Improvement Society] HENRY & MORRISON state that high producing cows yield sufficient additional product to much more than pay for the larger amount of feed they eat.

Skilled feeders employ heavy allowance of rich concentrates, mixed in considerable variety, in addition to lucerne hay, corn silage and often roots, soilage or other succulents. It pays to feed generously, but the

ration must be adapted to the peculiarities of the individual cow. High-grade-ready-to-eat feeds of the established brands always give better results than "guessimating" a ration from day to day when made from haphazard feeds.

Poor cows will not pay a profit. Cow feeding associations should be a main project in every farm bureau. The quality of cows and quality of feed should both be improved.

A WANT AD IN THE ADVOCATE SOLVES THE SERVANT PROBLEM

AMUSEMENTS

AUDITORIUM

Large crowds at the Auditorium yesterday applauded Harry Carey in his latest photodrama, "Roped," a story by Eugene I. Lewis, and directed by Jack Ford. The story of Cheyenne Harry, millionaire oilman, decides that he needs a housekeeper for his palatial ranch-house. His cowboys think differently. The decision that he needs a wife and set out to get one for him after their own preference in wives.

Advertising in a matrimonial paper for a suitable wife, they receive an answer dictated by pretty Alton Johnson, drawn by her fortune-hunting mother, Mrs. Johnson-Brown.

Harry arrives at the Brown home with his cowboys and marries Alton. In time a baby is born. The baby and husband Harry's greatest joy and his hand and wife live together in complete happiness. Then many steps in with social ambitions and tries to wreck their home to the benefit of a lounge-bard whom she has picked out just a better husband for Alton because of his social position.

The last showings are seen this evening. Tomorrow another special feature is shown in "Love's Price," in which Grace Conard, well-known movie actress is the star. The story tells that at the outbreak of the war between Italy and Austria two lovers were living content in an Italian village near the border. Like all the rest of young men of the town he is called to the colors, the girl remaining behind. The border town falls into the hands of the Austrians and the Italian natives come under the voice of the enemy. During one of the skirmishes the young hero is taken prisoner by the Austrians and is sentenced to be executed. The heroine learns of the situation and going to the enemy commander pleads for his life. He agrees to spare it providing the girl submit herself to him. She agrees to this proposition and the young man is freed. Unaware of the sacrifice the girl has made he is inclined to feel grateful toward the German officer in command. Several years later the war ended, at a reception in the Italian embassy in Washington a famous prima donna is announced. Just before taking up her song she sees the German ambassador and faints. She, the girl from the Italian village, recalls him as the German officer. The Italian commander—none other than the savior of her life—seeks out the singer, but she avoids him. Even when he calls at her apartment she refuses to see him. When later he demands to know the cause of her attitude toward him she relates the whole story of the manner in which she won him his freedom years before.

The German ambassador calls, seeking to renew the acquaintance. He is followed by his suspicious wife. The Italian woman explains all to them and shows them the child as evidence. The ambassador is then shot and killed by his wife. She seeks possession of the child and the mother grants it and with this, hero and heroine are united once again. "The Love Price" is a picture all will want to see and it is at the Auditorium Wednesday only.

Many of Mr. Levey's compositions are in concert use besides the six already published, and of the two comic operas he has written the music for one at least will be produced next August by a well-known manager.

Mitzi comes to the Auditorium, March 13, for one performance. Seats now selling.

The Hawaiian Islands, with the present company and scenery, to be played at the principal cities of the islands, which had theaters in which it could be presented.

The flat offer was made of a goodly sum, sufficient to meet any losses which might accrue for the two weeks' time consumed by the steamer trip to and fro, but stipulated that the company must play sixteen performances on the islands. A second offer was a guarantee and a wonderful percentage of the gross receipts.

The communication went on to state, the Richard Walton Tully play of Hawaiian and American life on the islands, according to reports of residents who had witnessed performances of the love story in the United States was absolutely true to life and contained the "Bird of Paradise" with its remarkable cast, headed by charming Florence Rockwell, said to be the best Luaua ever seen in the title role, with an entirely new production, is to be seen at the Auditorium theater for one performance on Wednesday, March 19.

Margaret Anglin.

If all our army is billeted so comfortably and in such charmingly sympathetic company as are the two British officers in Margaret Anglin's delightful love-comedy, "Billeted," which will be seen at the Auditorium on Monday, March 17, those of us at home will have battles of our own to fight none the less serious because they are with the green-eyed monster. Miss Anglin has registered her greatest comedy success as the central character in this comedy, which was written for laughter purposes only and will be revealed here by the original New York company, which includes Alice Colburn, Sally Williams, Harry Barfoot, Phyllis Birken, Langdon Brown, Myra Burrington, Ralph Kemmer and Fred Eric.

# Dandruff Soon Ruins The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve it entirely destroy every single sign a trace of it. You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails. Advertisement.

# PAY AND FILE INCOME TAX BEFORE MAR. 15

U. S. Internal Revenue Bureau Gives Warning That Severe Penalties Will Be Enforced.

# WOMEN WITHIN LAW'S SCOPE; HOW THEY REPORT INCOME

The Income Tax drive comes to a close on Saturday night, March 15. All payments and returns due on that date under the provisions of the new Revenue Law must be in the hands of local Internal Revenue Collectors before their offices close that night. The Income Tax is being collected to meet the war expenses. Every person who shouted and tooted his horn on Armistice Day is now called upon to contribute his share of the cost of winning the war. The laggards and the dodgers will face severe fines and jail sentences. The Internal Revenue Bureau announces that its officers will check us all up to see that every person who comes within the scope of the Income Tax law did his share.

**Where to Pay and File.** Residents of Ohio should make their returns and pay their taxes to the nearest of the following collectors of Internal Revenue: Andrew C. Gilligan, Cincinnati; Frank B. Niles, Toledo; Beriah E. Williamson, Columbus; Harry H. Weis, Cleveland. Payments sent by mail should be attached to the returns and should be in the form of check, money order or draft. Cash payments by mail are sent at the taxpayer's risk of loss. If you are unable to make your return personally because of illness, absence or incapacity an agent or legal representative may make your return. If there are any doubtful points as to your items of income or allowable deductions you should get in touch at once with a Revenue officer or a banker for advice.

**Women Pay Tax.** Women are subject to all the requirements of the Income Tax. Whether single or married, a woman's income from all sources must be considered. If unmarried or if living apart from her husband she must make her return for 1918 if her net income was \$1,000 or over. If married and living with her husband her income must be considered with the husband's in determining the liability for a return. Their joint income, less the credits allowed by law, is subject to normal tax. The wife's net income is considered separately in computing any surtax that may be due. Husband and wife file jointly, as a rule. If the husband does not include his wife's income in his return the wife must file a separate return.

**Severe Penalties.** The new Revenue Law places severe penalties on a person who fails to make return on time, refuses to make return or renders a fraudulent return. For failure to make return and pay tax on time a fine of not more than \$1,000 is named and 25 per cent of the tax due is added to the assessment. For refusing wilfully to make return or for making a false or fraudulent return there is a fine of not exceeding \$10,000 and imprisonment of not exceeding one year, or both.

**Farmers' Income Taxable.** Every farmer and ranchman who had a fair or a good year in 1918 must heed the Income Tax this year. He must consider all his income as taxable. He is entitled to deduct from his gross income all amounts expended in carrying on his farm. The cost of farm machinery, farm buildings and improvements cannot be deducted. The cost of live stock, either for resale or for breeding purposes, is also regarded as investment.

**Overtime and Bonuses Taxed.** Salary and wage earners must consider as taxable every item received from employers and from other sources. Bonuses and overtime pay are to be reported as well as the regular payments.

**Allowances for Losses.** Losses sustained in 1918 and not covered by insurance are deductible items if incurred in the taxpayer's business or trade, in any transaction undertaken for profit or arising from fire, storm, shipwreck or other casualty or from theft.

# Reading advertisements will save your time

The wise shopper keeps in touch with the advertisements of her favorite stores. When she sees announcements of goods in which she is interested, she knows right where to go to find them. She knows when they are put on sale.

No time is lost in aimless looking and asking. Reading the advertisements saves her time for other duties or pleasures.

When parents decide to send a boy or girl away to school, they cannot take the time to go and inspect a great number of schools from which to choose. They study the advertisements of schools and to the ones that seem to offer right conditions they write for catalogs.

When a man decides to buy an automobile, he reads carefully the advertisements which tell about the different makes of cars and then he calls to see only those in which he is interested. He does not start out by hunting up the salesrooms and looking at all the cars sold.

These are only a few of the ways in which reading advertisements saves the time of readers. There are many others.

Your daily newspaper is full of advertisements which are not only interesting but have some special message of benefit to you.

Make a practice of reading them. You will find your time saved and your money spent.

## How Women of Today Are Able To Guard Against Anaemia— Lack of Iron in the Blood

The Greatest Curse To Health and Beauty Physician Explains Why Red Blood—Rich in Iron—Keeps Women Strong and Well While Lack of Iron Makes Them Weak, Nervous, Fretful and Rundown—Says:

Introduction of Organic Iron—Nuxated Iron—Helps Solve Problem of Supplying Iron Deficiency. Thereby Increasing the strength and Endurance of Delicate, care-taken Women in Two Weeks' Time in Many Instances.

If you tire easily, if you are nervous or irritable or look pale, haggard and worn—your blood may be starving for want of iron, according to physicians who explain below why they regard anaemia as the greatest curse to the health, strength and beauty of the modern American woman.

That women may become stronger, healthier and better able to meet the cares of home and family by increasing the supply of iron in their blood is the opinion expressed, yet it would appear that there are thousands of delicate, run-down women who need something to build up their red blood corpuscles and increase their strength, but often do not know what to take. In commenting upon this Dr. George H. Baker, formerly Physician and Surgeon Monmouth Memorial Hospital of New Jersey, said:

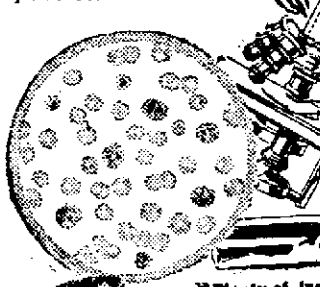

"What women need to put roses in their cheeks and the springtime of life into their step is not cosmetics or stimulating drugs, but plenty of rich pure red blood. Without it no woman can do credit to herself or to her work. Iron is one of the greatest of all strength and blood builders, and I have found nothing in my experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron. From a careful examination of the formula and my own tests of Nuxated Iron, I feel convinced that it is a preparation which any physician can take himself or prescribe for his patients with the utmost confidence, obtaining highly beneficial and satisfactory results."

Among other physicians asked for an opinion was Dr. Kenneth K. MacAlpine, a prominent New York Surgeon, member of the New York State Medical Society and for 15 years Adjunct Professor of the New York Post Graduate Medical School and Hospital.

Who says: "You can tell the women whose blood is rich in strength, health, rosy cheeks, radiant with life, vim and energy—envied and sought after everywhere they go. Yet despite all that has been said and written by physicians about the alarming iron deficiency in the blood of the average American woman of today, there are still thousands who need something to increase their red-blooded corpuscles and build up their strength and endurance and are either careless of their condition or do not know what to take. In my opinion there is nothing better than organic iron—Nuxated Iron—to help make healthy, full-blooded, beautiful women. By enriching the blood and increasing its oxygen-carrying power, Nuxated Iron will often transform the flabby, flesh, toneless tissues, and pallid cheeks of nervous run-down women into a glow of health and make them look years younger within a surprisingly short time."

In commenting upon Dr. MacAlpine's statement regarding the alarming iron deficiency in the blood of the average American woman of today, Dr. Ferdinand

Highly Magnified Drop of blood of Anaemic Woman Showing Lack of Healthy Red Corpuscles.

Plenty of iron makes rich red blood corpuscles like these.

If your blood is starving for want of iron and you long for the physical energy and steady nerves of perfect health—try Nuxated Iron, and watch its strength giving up-building effect.

You can tell the women with plenty of iron in their blood—beautiful, healthy, rosy-cheeked women full of life, vim and vitality.

and King, a New York Physician and Medical Author, says: "I fully agree with Dr. MacAlpine that there can be no healthy, rosy-cheeked women without iron. I have strongly emphasized the fact that doctors should prescribe more organic iron—Nuxated Iron—for their nervous, run-down, weak, haggard looking women patients. Anaemia—iron deficiency—is the greatest curse to the health, strength, vitality, and beauty of the modern American woman. Lack of iron in the blood may often transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable—one who makes life a burden to herself, unbearable for her husband, and disagreeable for her children. When the iron goes from the blood of women, the roses go from their cheeks."

If you are not strong or well you owe it to yourself to make the following

ing test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Manufacturer's Note: Nuxated Iron which is prescribed and recommended above by physicians is not a secret remedy but one which is well-known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by Wm. A. Erman, Evans' cut-rate store, the Mykrantz pharmacy, and all other druggists.

National Crop Improvement Service. The average man is afraid to use farm explosives and therefore much work which should be done is neglected. Every county in the United States now has a farm blaster in charge of a county agent. He is generally skilled in the use of dynamite in blasting out stumps and boulders, making excavations for trees and in opening drainage ditches, etc. In localities where such work is most important the man who sells explosives generally furnishes a man to do the work or who will give careful directions so that anyone may handle the power safely, economically and efficiently. There is room in many counties for a professional blaster, who may operate under the regulation of the county agent and should be paid by those whose blasting is given him. This position is much cheaper for the farmer than to have the digging done by hand.

The reader companies are always looking for experienced blasters, and this demand exists in many of our soldiers who are seeking employment.

### Freemasons' Attention!

We appeal to every MASON of OHIO to make a DOLLAR GIFT to the fund being raised for the relief of the MASONIC TEMPLE in BELGIUM, FRANCE, ITALY, SERBIA and other allied countries devastated by war. There are thousands of them. In February over 4,000 brethren of Cincinnati and vicinity responded to our appeal for help. Three thousand dollars was sent to the MASONIC TEMPLE in Paris, France. Five thousand dollars was sent to the MASONIC TEMPLE in Belgium. We need fifty thousand dollars for immediate pressing needs. We ask each Mason who has not answered our appeal to do so at once. **FORWARDED BY THE MASONIC WAR RELIEF ASSOCIATION, U. S. A.**

### BOWLING PROGRAM IS LIGHT AT TOLEDO MEET

(Associated Press.—The lightest day's bowling schedule of the American Bowling Congress tournament is on for today at the Lucas county armory. Only 36 pairs will perform in the doubles events which start at 2 o'clock p. m. Several members of the teams on the three squads, last night are not entered in the doubles and singles in the five men event tonight there are two squads, the first going on at 2 o'clock and the second at 10:15.

The first outside team to take part in the competition is scheduled on the late shift tonight. The Elks club of Kane, Pa., will bowl with 15 Toledo teams, mostly amateurs.

Scores have been exceptionally low since the start of the tournament. Only amateurs have bowled up to the present time. After tomorrow the bowlers will be given over to the visiting alleys exclusively with the exception of some of the professional local teams which will bowl later.

High in the doubles is 1265, made by a Toledo pair the first day of the tournament, two men share top honors in the singles with 577. Top Honors House team of Toledo is first in the five men with 2674.

**Billingsley-Mac Eowen.**  
At 9 o'clock Tuesday morning, the marriage of Miss Lucille MacEowen and Mr. J. V. Billingsley of Cincinnati, was solemnized at the manse of the Second Presbyterian church, and was marked by the greatest simplicity.

The marriage service was read by the pastor, Rev. B. R. Weld, and neither the bride nor bridegroom was attended. The bride wore a coat suit of midnight blue cloth, and her hat and accessories were of a soft color. She dispensed with the conventional bridal bouquet.

Mr. and Mrs. Billingsley left after the ceremony for a trip west. They will visit New Mexico, Texas and Colorado, and after May 1, will be at home in Pittsburgh.

Mrs. Billingsley is the daughter of Mrs. Alta MacEowen of Wyoming street. She was graduated from St. Mary's college at Monroe, Mich., and is a member of the local sorority, Phi Delta Chi.

Mr. Billingsley was graduated from the University of West Virginia, and is geologist for the Philadelphia Gas company.

### MITZI BREAKS ALL COLUMBUS RECORDS

Manager Geo. M. Penberg expects to break all house records for attendance with the Mitzi "Head Over Heels" company which appears at the Auditorium theatre in this city Thursday evening. Late last night he received the following telegram from Columbus, in which city Mitzi is playing a four days' engagement:

Columbus, O., March 9—Mgr. Geo. M. Penberg: Newark Mitzi in "Head Over Heels" broke all records here tonight. The biggest musical success Columbus has seen in years. Also broke the record at the Grand opera—L. Hope, Manager Cincinnati.

**MITZI AT CINCINNATI.**  
The Cincinnati Enquirer had the following to say of Mitzi, who appears at the Auditorium theatre Thursday evening of this week:

"What the personality of one little body can do for an entertainment was shown at the Grand last week. Mitzi was all there was to 'Head Over Heels,' as far as actual merit and talent was concerned. Not that she depended entirely on herself, for she had some adequate assistance, but the actual value of the performance depended upon her cleverness entirely.

"There were a great many people in the community who liked her, for there were a great many people who attended the performance. In other words, it was a very profitable engagement. Everybody seemed pleased with what was offered, principally because Mitzi had all the opportunities she needed to display her remarkable versatility and the unique ability at her command. She is a comedienne of decided gifts, has a knack of getting the most out of every situation and with very limited resources, material is so wisely and ably handling that she sings unusually well. Her gifts are many-sided, and as she uses them all to their fullest extent she is the life and soul to whatever entertainment in which she is included.

"Head Over Heels" was a musical comedy of average value. Its plot was a little 'what is starting' and its music was fairly attractive. The plot was thin enough to permit any amount of vaudeville interpolations, of which full advantage was taken. These facts, together with the personality of Mitzi, made the performance pleasing."

### TEAM RUNS AWAY VERMILION INJURED

G. N. Vermilion, living in the Box Leg road was seriously hurt Monday evening, when a team of horses he was driving ran away.

The accident occurred in Orchard street at 6 o'clock last night when the horses became frightened and in running away a collision was thrown out. The horse ambulance was called and he was taken to the City Hospital.

Vermilion suffered two fractures of the leg and a severe laceration of the foot. He was injured by the horse's head striking him.

Dr. Leeland Baxter is the attending physician.

### Actress Who Became Famous Playing The Lucky Role in "The Bird of Paradise."

**FLORENCE ROCKWELL AND HER PREDECESSORS**  
Top—Lenora Ulrich, Second—Muriel Starr, Third—Lavette Taylor, Fourth—Barbara.

Ask any actress what role she would rather play in any of the great successes of the stage now being presented and she will promptly answer, with a wistful voice, "Luana," in "The Bird of Paradise." The part is known as "the open door to stardom."

Lenora Ulrich, whose interpretation of the role won her fame and recognition from the Atlantic to the Pacific, David Belasco saw her in "the lucky part" and promptly secured her as the star in the play of Comanche life, "The Heart of Wotona." This season Miss Ulrich is starring in Willard Mack's drama of the Canadian north-west, "The Trail of '92," which was one of the dramatic triumphs of recent New York successes.

Agate, the wand of fortune touched her a lass who portended the descent of a Kamehameha I. This time it was the shoulders of Carlotta Monro, who played the role of "The Heart of Wotona," which was one of the dramatic triumphs of recent New York successes.

Today Miss Taylor is the love and fortune and the

name of one of the wealthiest men in Oakland, Cal.

Then came May Buckley, the well-known stock actress; she was followed by Ohn Field, who gave way to Muriel Starr, an actress who won fame in Australia. Last season Marion Hutchins played the role. This season to replace Miss Hutchins, Mr. Roscoe announces Florence Rockwell, already well-known to local audiences as a leading woman of charm, beauty and personality. Miss Rockwell has supported such well-known stars as Robert B. Mantell, Henry Miller, Guy Bates Post, William Collier and Richard Mansfield. The part of the little princess has been an open door to stardom for every woman who has assayed it in the past eight years, from Lauretta Taylor to its present portrayer.

### Ruddy Cheeks—Sparkling Eyes —Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

### LYRIC.

Griff Gordon's Musical Revue opened at the Lyric Monday, playing to capacity houses. In one of the best little playlets that ever appeared in this popular playhouse, entitled "A Family Affair" The company is extraordinary, being one of the best that ever appeared in the city at popular prices. The chorus is excellent and with the many changes of costumes is far above the average show at a higher price of production. The singing and dancing is of the highest class, one of the special features being Jack Yerickel, the "Hand saw Nightingale." Mr. Yerickel playing such old melodies as "Old Black Joe," "Swanee River," and other popular pieces on a common carpenter's saw. The musical and singing trio received encore after last evening, as did the Wolffs in their high class singing act. Taken as a whole the company is well-balanced and of the highest class order. There will be a complete change of program Wednesday evening and the management announces some surprises for Wednesday and Friday nights.

### GRAND.

The haunts of river pirates along the water fronts of great cities, how they work and their constant warfare against the police, are vividly shown in "Boarded Assets," the Vitaphone Blue 1500 feature, which will be the attraction in the Grand theater on Tuesday and Wednesday. Many of the striking scenes were taken on a fast river cruiser, and Director Paul Scott did not spare the realism demanded by the script.

Harry Moray has the leading role—that of a river pirate, who stole a million in gold to win the love of a girl, and then when he found she wanted only his love.

Mr. Moray is supported by Betty Hutton, Jean Page, George Majeroni and Robert Galland.

### Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Easy to use and cheaply prepared.

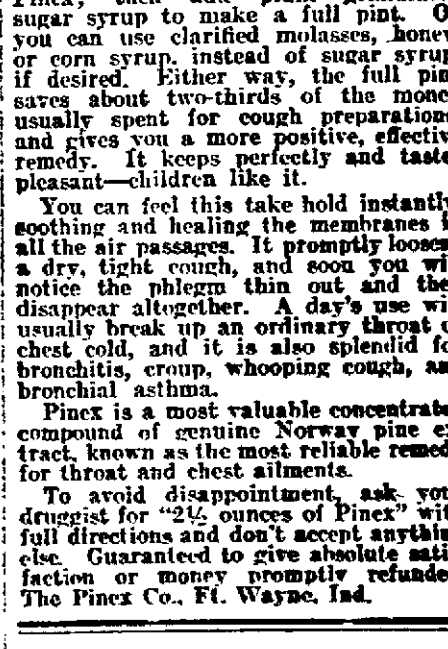

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Any one who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare, and really there is nothing better for coughs.

Into a pint bottle, put 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and then disappear altogether. A day's use usually breaks up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, whooping cough, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, known as the most reliable remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

## ASSERTS RHEUMATIC IMPURITIES CAN'T STAY IN BODY

When My Prescription Goes In, Rheumatism Goes Out Along With All Poisonous Uric Acid, Says Discoverer James H. Allen.

Because he was crippled with terrible rheumatism and unable to work, and because doctors failed to help him, Mr. James H. Allen of Rochester decided to help himself.

Persistent study, ceaseless patience and frequent experiments convinced him that before anyone could be free from rheumatism the poisons and impurities often called uric acid deposits must be dissolved in the joints, ligaments and muscles and expelled from the system.

It took some years to get this idea into the form of a prescription, but perseverance finally conquered and in a very short period every pain and twinge and trace of rheumatism was forced to flee and Mr. Allen turned himself from a rheumatic wreck into a strong, healthy, robust man.

So pleased was he with his success that he named this wonderful medicine Allenrhu. Many others cursed with the agony of rheumatism tried it with results that were almost magical.

Requests for Allenrhu became so numerous that a decision was reached to let sufferers know of the discovery through the newspapers and now druggists throughout the country dispense the Allenrhu prescription, or Evans' drug store can get it for you on short notice.
